

HARDIK SHALI

Software Developer | React/TypeScript Engineer specializing in internal tools & workflow-driven UIs

Berlin, Germany • +49 15739438462 • hardikshali1612@gmail.com • [LinkedIn](#) • [GitHub](#) • [Portfolio](#)

Work authorization: Post-study work visa: no sponsorship required to work in Germany

PROFESSIONAL SUMMARY

Software Developer with 2+ years of production experience building React and TypeScript applications on top of microservices and REST APIs. Delivered features end-to-end from requirements through implementation, testing, and deployment as part of an agile, cross-functional team, cutting application load time by 40% and shipping reusable, accessible UI components used by 10,000+ users. Currently based in Berlin with an M.Sc. in Data Science; looking for a junior-to-mid software developer role, ideally on internal-facing planning or operations tools.

CORE TECHNICAL SKILLS

- Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), Redux Toolkit, React Hooks, Context API, Tailwind CSS, Material UI, Component Architecture, Responsive & Accessible (WCAG) UI
- Testing & Performance:** Jest, Unit Testing, Lazy Loading, Code Splitting, Core Web Vitals, Cross-Browser Compatibility, Debugging
- APIs & Backend (working knowledge):** Node.js, Express.js, REST APIs, GraphQL, Firebase, MongoDB, PostgreSQL, MySQL
- Tools & Workflow:** Git, GitHub, GitLab, CI/CD, npm, Browser DevTools, Jira, Agile/Scrum
- Languages:** English (C1) · German (A2, actively improving)

PROFESSIONAL EXPERIENCE

Sep 2023 – Apr 2024: Relocated from India to Berlin to pursue an M.Sc.; continued independent React/TypeScript upskilling during the visa transition.

- Implementation Consultant** | ThoughtSpark, India Apr 2023 – Sep 2023
- Turned business requirements into scalable, workflow-driven technical solutions for internal teams.
 - Redesigned multi-step configuration and planning UIs, cutting operational friction and lifting usability across long user journeys.
 - Sat between engineering and business stakeholders to keep implementation constraints, timelines, and product goals aligned.

- Software Engineer – Frontend** | Accubits Technologies Inc., India Apr 2022 – Apr 2023
- Shipped and maintained React applications serving 10,000+ users on top of a distributed microservices/REST API backend.
 - Took frontend modules from spec to production requirements, implementation, API integration, testing, and deployment, coordinating directly with backend engineers and stakeholders along the way.
 - Cut load times by 40% via lazy loading, code splitting, and render-level tuning.
 - Architected a shared React component library, which tightened UI consistency and let the team ship responsive, accessible, cross-browser features faster on tight release cycles.

- Software Developer Intern** | Accubits Technologies Inc., India Dec 2021 – Apr 2022
- Contributed reusable React components that accelerated later feature builds and kept the UI consistent.
 - Wired up REST API calls and frontend-backend data flow as part of the team's agile sprints.

SELECTED PROJECTS

- FutureGrail - Digital Asset Marketplace** | [Website](#) | [GitHub Repo](#)
Tech: React, Next.js, TypeScript, Tailwind CSS
- Built and shipped frontend features for a live digital asset marketplace consuming REST APIs, used by real customers.
 - Optimized component design and lazy loading to improve rendering speed for real-time interactions and large datasets.

- HealthierU - Healthcare Management Platform** | [GitHub Repo](#)
Tech: React, TypeScript, Material UI, Firebase
- Designed multi-step, workflow-driven interfaces for complex healthcare interactions, similar to internal planning/setup tools.
 - Implemented reliable frontend-backend communication, improving responsiveness and stability across devices.

EDUCATION

- M.Sc. Data Science** | IU International University of Applied Sciences, Berlin Apr 2024 – Jul 2025
- Thesis: AI-based content recommendation systems. Grade: 1.9.
 - Strengthened system design, data-driven decision-making, and analytical thinking.
- M.Sc. Information Technology** | Veer Narmad South Gujarat University, India Oct 2020 – Jul 2022
- B.Sc. Information Technology** | Veer Narmad South Gujarat University, India Jul 2017 – Sep 2020
